Mr. Donald Jacobsen
Project Director
Kiewit – G3 Terminal Limited Partnership
Suite 310 – 4350 Still Creek Avenue
Burnaby, BC V5C 0G5

Dear Mr. Jacobsen:

Re: **Vancouver Fraser Port Authority Project Permit No. 15-180**
G3 Terminal Vancouver Limited Partnership – G3 Terminal Vancouver
Construction Outside of Regular Work Hours

The Vancouver Fraser Port Authority ("the port authority") has received G3 Vancouver Limited Partnership's request for a further exemption to Condition 34 of Project Permit 15-180 to allow construction outside of regular work hours, specifically between 8:00 PM and 7:00 AM up to seven days per week between November 1, 2019 and May 31, 2020.

The port authority understands that this request is to enable G3 Limited to proceed with the remaining construction work and the testing, commissioning and transition to terminal operations as outlined in the request package received on October 1, 2019.

We further understand that these works are not anticipated to generate significant noise or light impacts to nearby receptors and that G3 Limited is committed to concentrating any activities likely to generate noise during daytime hours, minimizing potential disturbances on surrounding residents, and addressing complaints promptly should they arise.

The port authority will allow construction outside regular hours of work during the above noted time periods provided the following conditions are met:

1. G3 Limited shall ensure the scope of works undertaken during extended hours is limited to the activities outlined in the request received on October 1, 2019. Only work that cannot occur during the port authority regular hours of work (Moday – Saturday, 7:00 AM – 8:00 PM) is permitted to occur during the extended hours;

2. G3 Limited shall circulate a construction notice to surrounding residents. The notice shall be consistent with the draft provided on October 10, 2019 and shall be distributed to residents a minimum of (10) ten business days in advance of the commencement of works.

3. Should additional extended hours work be required, G3 Limited shall send a request with description of the work, timing and a draft construction notice to the port authority and the notice shall be distributed 10 business days in advance of the commencement of works;

4. All Project Permit 15-180 conditions shall continue to apply during extended work hours.

The port authority reserves the right to cancel or revoke authorization for extended work hours should noise levels exceed reasonable levels or should disturbances to surrounding residents persist.

Should you have any questions please contact Regan Elley at 604-665-9594 or Regan.Elley@portvancouver.com.

Yours Truly,

VANCOUVER FRASER PORT AUTHORITY
