# **Introduction to DTRRIP Truck Staging Area**

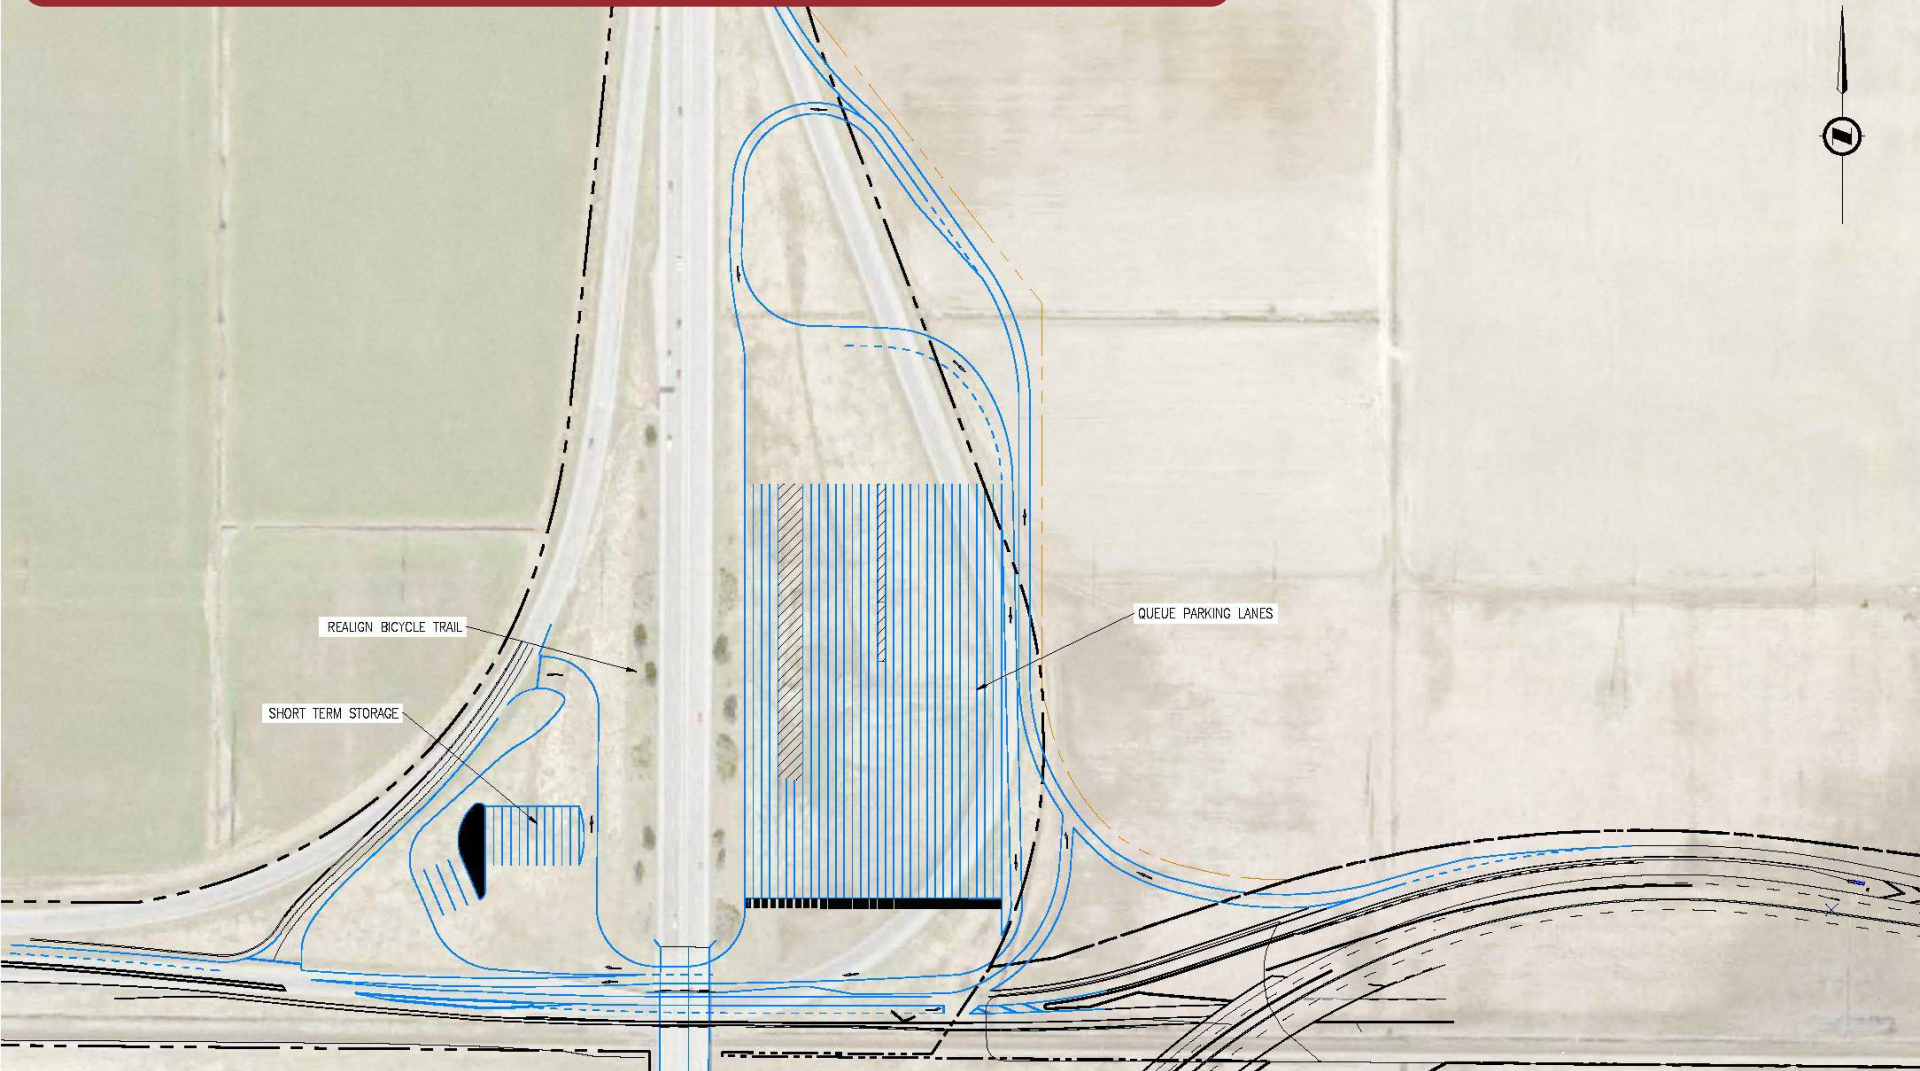

**Stephan Ptatschek, P.Eng.**  
Project Manager,  
Infrastructure Delivery

September 9, 2015

# PROJECT LOCATION

# PROJECT CONCEPT

# TRUCK STAGING AREA BENEFITS

- Alleviate port traffic congestion
- Reduce container traffic queuing along Deltaport Way and the Roberts Bank Causeway.
- Eliminate truck parking on the road shoulder.
- Result in greater container truck efficiencies.
- Eliminate CO<sub>2</sub> gas by reducing engine idling.
- Enhance the safety and security of container trucks, cargo and drivers.
