

10 May 2021

Dear Neighbour,

**RE: Notice of Extended Working Hours for Fraser Grain Terminal Export Facility**

We are writing to provide construction updates for the Fraser Grain Terminal Export facility at 11041 Elevator Road, adjacent to Fraser Surrey Docks. The Project team has received approval to conduct work activities 24-hours, six days a week. **These extended hours will be in place for approximately 6 months from 24 May 2021 to 24 November 2021.**

**What to expect**

- To prepare the facility for full operations, we have received approval to conduct grain bin remediation work 24-hours, six days a week.
- Neighbours may hear construction noise typically associated with this type of work including material unloading, welding and use of hand power tools. Efforts will be made to minimize noise levels as much as possible during nighttime hours.
- Noise from these activities will be consistent with current daytime noise levels at the Project site.
- Temporary construction lighting will be directed to the immediate work area to maintain a safe working environment.

We are committed to keeping our neighbours informed about construction activities and responding in a timely manner to questions and concerns.
