**Re: Notification of trees to be removed  
Centerm Expansion and South Shore Access Project (Project)**

This notice is to inform you that Centennial Expansion Partners (CXP) will be removing 19 trees in two locations to facilitate construction of the Centennial Road Overpass and the Terminal's eastern expansion area as shown in Figure 1 below. The work is anticipated to begin as early as the third week in August and complete within one week. A Vegetation Mitigation Plan is being prepared by the Vancouver Fraser Port Authority (VFPA) to offset the trees to be cleared.

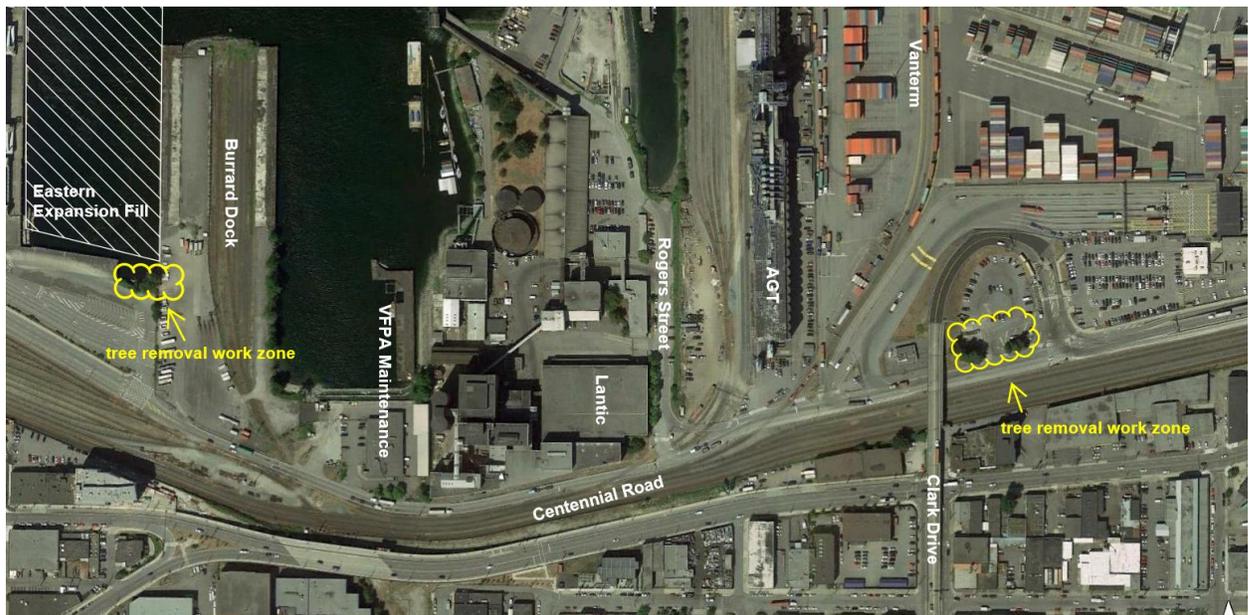

**Work hours and days**

- Monday to Saturday, 7:00 a.m. to 5:30 p.m.
- Work is not anticipated to take place on Sundays and statutory holidays.
- Should this change, an update notification will be sent.

**Traffic impacts during tree removal work**

- Port road users can anticipate brief occasional lane stoppages in the tree removal zones as shown in Figure 1 below. Should this change, an update notification will be sent.
- Advance warning signs will be in place and traffic control people will be on site to direct traffic.

Figure 1: Tree removal locations

**What to expect during tree removal work**

- During tree clearing, nearby residents and businesses can anticipate noise which will be minimized by working within VFPA's standard business hours.

Tree clearing is scheduled to occur outside the bird nesting period. Prior to work commencing, a bird nest survey will be conducted.

Trees will be felled by a qualified arborist professional with the work overseen by an Environmental Monitor to ensure it adheres to the Project's Construction Environmental Management Plan and VFPA PER Permit 15-012.

### **Thank You**

CXP is committed to minimizing the impacts of Project construction to the greatest extent possible. We apologize for any inconvenience and thank you in advance for your cooperation and patience.
