## Update: Portside/Blundell Road Improvements Project

As part of the Vancouver Fraser Port Authority's work to upgrade roads in this area, we will soon be starting geotechnical and field investigations to inform our road designs and construction plans.

The majority of the work required for these investigations will be completed during evenings and on weekends to minimize disruption. Any work required during business hours will have minimal impact to traffic.

### Timing

- September 1–September 20
- Business hours:
  - Monday through Friday, 7:00 a.m.–7:00 p.m.
- Evenings and weekend work will be completed:
  - Monday through Friday, 7:00 p.m.–7:00 a.m.
  - Saturday or Sunday

### Traffic changes

- Periods of single lane alternating traffic
- Some temporary lane reductions and pedestrian pathway closures

### What to expect

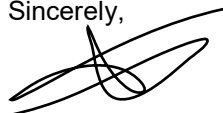

Traffic control personnel will be on site to help direct traffic. The work will include drilling small holes on and off the roadways, including on Blundell Road, No. 8 Road, and Portside Road. The proposed test hole locations are shown in the attached map. During this period, you may experience a minor and temporary increase in noise and dust levels consistent with these types of activities.

### Thank you

We appreciate your patience and understanding as we undertake this important work.

We will keep you informed about project-related activities and respond in a timely manner to questions and concerns. If you have any questions, please contact [community.feedback@portvancouver.com](mailto:community.feedback@portvancouver.com) or 604.665.9004.

Sincerely,

Roxana Mousavi  
Senior Project Delivery Specialist
