Re-designation to industrial

On October 27, 2020, the Vancouver Fraser Port Authority board of directors amended the land use plan to incorporate two property acquisitions in North Vancouver and Surrey, one designation to a previously undesignated port authority site in Delta, and one re-designation to an existing port authority site in Delta. Two sites have been re-designated to the port terminal land use designation and two sites have been re-designated to the industrial land use designation.
