

# Commissioner Street Road and Rail Realignment Project Newsletter

April 2021

You are receiving this email because you signed up to receive updates about the Commissioner Street Road and Rail Realignment Project.

## Permit amendment approval

On April 9, 2021, the Commissioner Street Road and Rail Realignment project team received approval to conduct certain construction activities outside of regular working hours between April 12, 2021 and June 27, 2021. The amended project permit can be found [here](#).

During this period, some low impact construction activities will take place overnight Monday to Friday, on alternating weeks, and on Sunday between 7:00 a.m. and 8:00 p.m. A detailed construction schedule can be found [here](#).

## Noise inquiries

The project team has implemented a new process to track and respond to project-related inquiries about noise. We invite you to direct any noise queries pertaining to the project to [csrr@portvancouver.com](mailto:csrr@portvancouver.com).

To effectively monitor and respond to your noise queries, please include the following information:

- Date and time of noise (day and night)
- Description of noisy activity
- If this noise is new or has been heard since the project started construction on April 12, 2021
- Location of the source of the noise or where it is being heard from

## About the project

The Vancouver Fraser Port Authority is undertaking a roadwork project to widen and realign Commissioner Street to the north between Nanaimo Street and Slocan Street in order to make room for Canadian Pacific Railway (CP) to add additional rail tracks. This project is being done to help improve the cargo capacity of port terminals on the south shore of Burrard Inlet in preparation for growth in Canadian trade, and the project received funding from the Government of Canada through the [National Trade Corridors Fund](#).

The project is being delivered by B&B Heavy Civil Construction Ltd.
