

Commissioner Street Road and Rail Realignment Project

Extended Work Hours Schedule (December 1, 2021 to January 31, 2022)

Between December 1, 2021 and January 31, 2022, construction activities related to bypass pumping and tie-in works, all weather dependent, will commence during port authority standard work hours (Monday to Saturday, 7:00 a.m. to 8:00 p.m.). In addition, some works will take place outside of port authority standard work hours, as shown in the schedule below. Given the complexity of the project and weather conditions, the dates outlined below may change. To receive updates on the complete construction schedule and to subscribe to the project newsletter, please visit portvancouver.com/commissioner.

AREA OF WORK

General construction work and low impact construction work during the night will take place between Nanaimo Street and New Brighton Road. High impact construction work during the day will take place near Manhole S1 (see below) near Columbia Containers central gate and New Brighton Road.

TYPE OF WORK	EXTENDED DAYS	EXTENDED HOURS	DESCRIPTION OF WORK
	Wednesday, December 1 to Saturday, December 4	6:00 a.m. – 10:00 p.m. 10:00 p.m. – 6:00 a.m.	<p>General construction work will include but is not limited to these activities:</p> <ul style="list-style-type: none"> • Traffic pattern changes and traffic controls • Survey works • Excavating, trenching, backfilling of road and utility trenches • Material delivery, stockpiling, loading, and dumping • Pipe placement, bedding, forge welding of high-density polyethylene, testing and commissioning of utilities • Demolishing of concrete structures • Constructing of concrete structures including manholes • Excavating and trench shoring, formworks, rebar and concrete placement • Material placement for roadbed and compacting • HydroVac use and saw cutting <p>High impact during the day work will include general construction work and high impact activities such as:</p> <ul style="list-style-type: none"> • Excavating and backfilling • HydroVac use • Saw cutting <p>Low impact during the night work will include but is not limited to these activities:</p> <ul style="list-style-type: none"> • Bypass pumping • Maintenance hole excavation and installation • Pipe laying for Metro Vancouver sewer pipe • Asphalt paving • Line painting <p>Construction impacts are monitored by the contractor using the noise monitoring stations at Renfrew Street and Nanaimo Street, and additional noise monitoring and mitigation plan.</p> <p>Note: Bypass pumping using shrouded pumps is planned as a 24/7 activity at Manhole S1 and New Brighton Road work site starting December 1, 2021 for 25 days. If the weather does not permit this activity, bypass pumping will be postponed to start on January 3, 2022 for 25 days. No work planned on December 24, 25, 26 and 31, 2021. No work planned on January 1 and 2, 2022.</p>
