

East Vancouver Port Lands and Liaison Committee

Annual Report 2020

Committee Overview

The Burrardview Community Association (BCA), City of Vancouver and the Vancouver Fraser Port Authority together developed the East Vancouver Port Lands Plan. The purpose of the plan is to guide land-use decisions on port lands in Vancouver located between Victoria Drive and the Second Narrows Bridge as well as the adjacent Burrardview neighbourhood. The plan strives to address compatibility issues between industrial and residential land uses in this area.

The East Vancouver Port Lands and Liaison Committee (EVPL) meets on a regular basis to monitor implementation of the EVPL Plan and advice on issues of mutual interest. These meetings provide a forum to exchange information and discuss new project proposals and initiatives in the EVPL area.
