**Vancouver Fraser Port Authority
Notice of Amendments**

The Vancouver Fraser Port Authority (port authority) wishes to advise that, effective as of January 1, 2023, the Non-Road Diesel Fee will be amended to read as follows:

1. Non-Road Diesel Emissions Fee

The Non-Road Diesel Emissions (NRDE) Fee applies to older, higher-emitting diesel engines operating on port authority lands. Any party operating Tier 0, Tier 1, Tier 2 and Tier 3 engines greater than 25 horsepower (HP), is required to pay a fee. The fee is based on actual operating hours and is payable at the beginning of the following year once operating hours have been reported to the port authority (e.g., 2023 fees payable in 2024). Up to 90% of the fees are rebated when an older engine subject to NRDE fees is retired, retrofitted, or replaced with a Tier 4 engine or better (e.g., exceeding Tier 4 emission standards such as battery electric).

Non-road diesel emissions fee schedule (\$/hp)

Tier 0	Tier 1	Tier 2	Tier 3	Tier 4	Year
\$30	\$14	\$4	n/a	n/a	2023
\$40	\$16	\$6	n/a	n/a	2024
\$50	\$18	\$8	\$2	n/a	2025
\$60	\$20	\$10	\$4	n/a	2026
\$70	\$22	\$12	\$6	n/a	2027
\$80	\$24	\$14	\$8	n/a	2028
\$90	\$26	\$16	\$10	n/a	2029
\$100	\$28	\$18	\$12	n/a	2030

The NRDE fee is calculated as follows:

For ≥ 2000 hours: [engine maximum horsepower] x [fee rate]

For < 2000 hours: [engine maximum horsepower] x [fee rate] x [hours operated in calendar year] / 2,000 hours

The Vancouver Fraser Port Authority Fee Document for 2022 and the draft Fee Document for 2023 are posted on our website at www.portvancouver.com/fees and may be obtained in hard copy upon request by telephoning 604.665.9000.

Vancouver Fraser Port Authority
Notice of Amendments

Persons interested in making written representations to the port authority on the subject of the NRDE fee amendments or any other matter in this notice may do so, on or prior to **December 20, 2022**, by writing to:
